### Parent & Tot YOGA Workshops

Instructor: K. Hamilton

**\*1 Parent per Child to register.**

**Geared for ages 2-5 yrs**

Parents, did you know that practicing Yoga is important for kids too? Many of the same reasons it is important for adults (relieving stress, anxiety, improving sleep patterns, boosting immunity & being more mindful) is why it also benefits a child. Practicing regularly, Yoga balances the mind & body along with increasing mindfulness. Students become more attuned to their body & develop an inner strength (which will help change dysfunctional habits for a healthier lifestyle.) Endurance/stamina & strengthening are greatly enhanced as well. These workshops will give both you & your child the tools to relax, while having fun with basic Yoga poses. You will feel rejuvenated, energized & have the tools to practice calmness, both on & off of the Yoga mat.
